## **Working to Keep our Community Safe**

**Disinfect Confirmed or Suspected  
Coronavirus Contaminated Areas  
Using the CDC Approved, EPA-  
Registered Electrostatic  
Disinfectant Sanitizer Offered by  
Heart of Texas**

**Electrostatic Sprayer Application  
lasts for 30 days!**

### **What is Electrostatic Spraying?**

Electrostatic Sprayers are portable spraying systems that electrify a disinfectant solution into a charged spray that attaches to everything that is in the direction of the spray. It even covers the back side of target objects. It is safe to apply around people in all common areas such as bathrooms, hallways, elevators, waiting rooms and cafeterias.

The Coronavirus contamination requires thorough cleaning and disinfection of surfaces, paying special attention to common-use areas where cross contamination occurs. **Heart of Texas** disinfectant contains active ingredients that are EPA-registered to kill Corona and other viruses and are applied using electrostatic spraying technology.

### **About Heart of Texas Disinfectant:**

1. **Eliminates SARS-CoV (COVID-19)**-listed on US EPS list of Disinfectants for use against SARS-CoV-2 the cause of COVID-19
2. **Food Contact Sanitizer-NSF Registered (D2) Sanitizer**-kills 99.999% of bacteria, including eColi, Salmonella and Listeria in less than 60 seconds. It is odorless, requires no rinsing, and does not alter the taste of food that has been prepared on sanitized surfaces.

3. **EPA Registered Disinfectant-**  
Contains no volatile organic compounds (VOCs) and kills a wide range of viruses such as Noro Virus, Feline and Canine coronavirus and bacteria.

4. **Mold and Mildew Inhibitor-**  
Inhibits and keeps mold and mildew from growing for up to 4 weeks.
5. **Allergen Eliminator-**Proven effective on pet dander, as well as, dust mite and cockroach allergens. Safe to use on pet bedding and sleeping areas.
6. **Odor Eliminator-** Eliminates malodors due to smoke, trash, septic systems, stale cooking and more, without using masking agents or fragrances. Neutralizes urine and fecal odors.

7. **HVAC and Air Ducts-**Leaves HVAC systems and air ducts free of microbial contamination from bacteria, mold, mildew and other fungi, while ensuring air quality.
8. **Soft Surface Sanitizer-**Kills odors and odor causing bacteria on soft surfaces by eliminating the source. Great for upholstery, curtains and auto interiors.
- \*Safe for animals and humans, non-corrosive to treated articles.**
